Dear Parent,

## Laptops

A bank based in London, Gulf Bank, have very generously provided us with some laptops for students who do not have access to a computer at home. This is a very kind offer and we are very lucky to be given these.

As long as you have home WiFi, then it will enable your child to access all of the learning resources at home.

In order to allocate these devices fairly, we will do so according to the following criteria:

1. Students who do not have a computer at all at home
2. Students who have to share a device with a brother or sister
3. Students in Year 10 (because they are currently studying their GCSEs)
4. Students who receive Free School Meals

We will only be offering these devices to students in Years 7, 8, 9 and 10 and we will only allocate one device per family.

If you would like to be considered for one, please send an email to [office@paddington-academy.org](mailto:office@paddington-academy.org)

You need to explain in the email which of the four criteria apply to you and the name of your child/children in Years 7-10. If you think there are any other circumstances we should be aware of, you should explain these too. This should be done by **Monday 27<sup>th</sup> April**.

Yours faithfully,

 

Peter Jones  
Principal

Katie Gillam  
Principal
